Water System Improvements

General Notice

Grants (Owner) is requesting Bids for the construction of the following Project:

Old Grants Water System Improvements
19-600-216-01

Bids for the construction of the Project will be received at the **[City Hall]** located at **[600 W. Santa Fe Ave.]**, until **[April 12], [2023]** at **[2 pm]** local time. At that time the Bids received will be **[privately]** opened and read.

Base Bid: This portion of the project is to replace 9,599-feet of waterline in the Old Grants district of Grants New Mexico with 8, 10, and 16-inch PVC waterline via open trench and horizontal directional drilling. This portion of the project also includes 39 service line tie-ins and 2 Air/Vacuum Valves. All service connections will be replaced with new service lines, existing meter cans and meters are to remain in place. This portion of the project crosses NMDOT ROW at 4 crossing locations. All fire hydrants in the project area will be replaced, and additional hydrants will be added as specified on the Plans, for a total of 11 hydrant assemblies.

Additive Alternative 1: This portion of the project is to replace 4,250-feet of waterline in the Old Grants district of Grants New Mexico with 6 and 12-inch PVC waterline via open trench, jack and bore, and horizontal directional drilling. This portion of the project also includes 7 Air/Vacuum Valves. This portion of the project crosses BNSF ROW at 1 crossing location and NMDOT ROW at 2 crossing locations. All fire hydrants in the project area will be replaced, and additional hydrants will be added as specified on the Plans, for a total of 1 hydrant assembly.

Additive Alternative 2: This portion of the project is to replace 4,213-feet of waterline in the Old Grants district of Grants New Mexico with 6, 8, and 16-inch PVC waterline via open trench. This portion of the project also includes 49 service line tie-ins and 1 Air/Vacuum Valve. All fire hydrants in the project area will be replaced, and additional hydrants will be added as specified on the Plans, for a total of 7 hydrant assemblies.

Additive Alternative 3: This portion of the project is to replace 5,962-feet of waterline in the Old Grants district of Grants New Mexico with 6, and 12-inch PVC waterline via open trench and horizontal directional drilling. This portion of the project also includes 59 service line tie-ins and 5 Air/Vacuum Valves. All fire hydrants in the project area will be replaced, and additional hydrants will be added as specified on the Plans, for a total of 6 hydrant assemblies.

Additive Alternative 4: This portion of the project is to replace 10,823-feet of waterline in the Old Grants district of Grants New Mexico with 6, 8 and 10-inch PVC waterline via open trench and horizontal directional drilling. This portion of the project also includes 82 service line tie-ins and 14 Air/Vacuum Valves. All fire hydrants in the project area will be replaced, and additional hydrants will be added as specified on the Plans, for a total of 20 hydrant assemblies.

Bids are requested for the following Contract: **Old Grants Water System Improvements/19-600-216-01**

Obtaining the Bidding Documents

The Issuing Office for the Bidding Documents is:

Wilson & Company, Inc., Engineers and Architects

Prospective Bidders may obtain sets of the bidding documents by downloaded free of charge and printed by prospective bidders from the following website:

<https://www.wilsonco.com/plan-room>

Potential Bidders are required to login/register to access the Bid Documents for this project. Your name, company name, phone number, and email address will then be added to the Plan Holders List for this project. It is the Contractor's responsibility to obtain all amendments/addenda from the website prior to the bid opening.

Partial sets of Bidding Documents will not be available from the Issuing Office. Neither Owner nor Engineer will be responsible for full or partial sets of Bidding Documents, including addenda, if any, obtained from sources other than the Issuing Office.

Pre-bid Conference

A non mandatory pre-bid conference for the Project will be held on **[March 22, 2023]** at **[9 am]** at **[City of Grants Recreation Multi-Purpose Room] [551 Washington Ave] [Grants, New Mexico]**.

Instructions to Bidders.

For all further requirements regarding bid submittal, qualifications, procedures, and contract award, refer to the Instructions to Bidders that are included in the Bidding Documents.

American Iron and Steel

Section 746 of Title VII of the Consolidated Appropriations Act of 2017 (Division A - Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2017) and subsequent statutes mandating domestic preference applies an American Iron and Steel requirement to this project. All iron and steel products used in this project must be produced in the United States. The term "iron and steel products" means the following products made primarily of iron or steel: lined or unlined pipes and fittings, manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and Construction Materials.

The following waivers apply to this Contract:

De Minimis, Minor Components, and Pig iron and direct reduced iron.
