Sanitary Sewer System Improvements

General Notice

Grants (Owner) is requesting Bids for the construction of the following Project:

Old Grants Sanitary Sewer System Improvements
19-600-216-02

Bids for the construction of the Project will be received at the [City Hall] located at [600 W. Santa Fe Ave.], until [April 12], [2023] at [2 pm] local time. At that time the Bids received will be [privately] opened and read.

The Project includes the following Work:

BASE BID: The project work includes the replacement of 7,734 LF of sewer through open trench along NMDOT road of Santa Fe Avenue, as indicated in the planset, as well as reconnecting 26 sanitary service connections. Work throughout the project site will require removal and replacement of 5 IN asphalt pavement of 6980 SY. Project also includes the full replacement of manholes through installation of 30 new manholes, removal and disposal of 16 existing manholes, and abandonment of 13 existing manholes.

ADDITIVE ALTERNATE #1: The project work includes the replacement of 8,299 LF of existing sewer through pipe bursting, replacement of 1,167 LF of sewer through open trench, as indicated in the planset, as well as reconnecting of 102 service connections. Work throughout the project site will require removal and replacement of 3 IN asphalt pavement of 1067 SY. An additional 1,547 LF of existing sewer will require additional slope verification and site investigation prior to replacement through pipe bursting. Project also includes the rehabilitation of 41 manholes by performing minor structural repairs such as regrouting, full replacement of 8 manholes through new installation, removal and disposal of 4 existing manholes, abandonment of 10 existing manholes, and an additional 2 manholes needing rim, cover, and collar replacements.

ADDITIVE ALTERNATE #2: The project work includes the replacement of 3,551 LF of existing sewer through pipe bursting, replacement of 307 LF of sewer through open trench, as indicated in the planset, as well as reconnecting of 41 service connections. Work throughout the project site will require removal and replacement of 3 IN asphalt pavement of 307 SY. An additional 1,355 LF of existing sewer will require additional slope verification and site investigation prior to replacement through pipe bursting. Project also includes the rehabilitation of 17 manholes by performing minor structural repairs such as regrouting, full replacement of 5 manholes through new installation, removal and disposal of 1 existing manhole, abandonment of 2 existing manholes, and an additional 23 manholes needing rim, cover, and collar replacements.

Bids are requested for the following Contract: **Old Grants Sanitary Sewer System Improvements/19-600-216-02**

Obtaining the Bidding Documents

The Issuing Office for the Bidding Documents is:

Wilson & Company, Inc., Engineers and Architects

Prospective Bidders may obtain sets of the bidding documents by downloaded free of charge and printed by prospective bidders from the following website:

<http://www.wilsonco.com/plan-room>

Potential Bidders are required to login/register to access the Bid Documents for this project. Your name, company name, phone number, and email address will then be added to the Plan Holders List for this project. It is the Contractor's responsibility to obtain all amendments/addenda from the website prior to the bid opening.

Partial sets of Bidding Documents will not be available from the Issuing Office. Neither Owner nor Engineer will be responsible for full or partial sets of Bidding Documents, including addenda, if any, obtained from sources other than the Issuing Office.

Pre-bid Conference

A non-mandatory pre-bid conference for the Project will be held on **[March 22, 2023]** at **[9 am]** at **[City of Grants Recreation Multi-Purpose Room]** **[551 Washington Ave]** **[Grants, New Mexico]**.

Instructions to Bidders.

For all further requirements regarding bid submittal, qualifications, procedures, and contract award, refer to the Instructions to Bidders that are included in the Bidding Documents.

American Iron and Steel

Section 746 of Title VII of the Consolidated Appropriations Act of 2017 (Division A - Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2017) and subsequent statutes mandating domestic preference applies an American Iron and Steel requirement to this project. All iron and steel products used in this project must be produced in the United States. The term "iron and steel products" means the following products made primarily of iron or steel: lined or unlined pipes and fittings, manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and Construction Materials.

The following waivers apply to this Contract:

De Minimis, Minor Components, and Pig iron and direct reduced iron.
