Out of County Resident - Child	\$500.00	\$200.00	\$500.00	\$200.00	\$500.00

Disinterment fee \$1800.00

Residency may be verified through utility bills, driver's license, ID card, lease agreement, bank statement, etc. Having such items is not an automatic guarantee of resident pricing. Residency will be evaluated considering all relevant factors. If no determination can be made, the Out of County fee will be required. No determination of residency will be required on plots which have been pre-purchased and completely paid for prior to the death of the person being interred as long as the deed is in the name of the deceased. **Child fees apply to youth 12 and under.**

If a City or County resident wishes to **deed the plot over** to a County or Out of County resident, then the difference in the purchase price will be due to the City before the deed can be changed. If a City or County resident wishes to bury a non-City or Out of County resident, then the difference in the purchase price will be due to the City before interment.
